

Contents

- 4 STAN'S SAFARI No 47**
Stan Curtis examines the microphony, explains how to make a wire kick, and tells how medicine makes better hi-fi
- 6 FINKTEAM BORG**
The German-based team behind many an acclaimed speaker unleashes its own consumer model. Martin Colloms listens
- 13 THE UK HI-FI SHOW LIVE!**
A new venue, a different atmosphere and more exhibitors: Ed Selley reports from Ascot, and comes away impressed
- 16 PASSING NOTES 9**
Julian Musgrave sets himself the task of finding differences between interconnects – not that he's actually sure there are any
- 19 ECLIPSE TD-510z AND TD-520**
Martin Colloms considers the manufacturer's 'timing is everything' approach, and asks whether adding a subwoofer helps or hinders
- 24 DCS BARTOK**
With technology derived from further up its maker's range, does this newly-affordable DAC/streamer delight Rafael Todes?
- 26 WIRELESS SPEAKERS**
We've come a long way from little plastic Bluetooth boxes – so is it now time to take wireless hi-fi seriously?
- 28 BOWERS & WILKINS FORMATION AUDIO, DUO AND EDGE**
The Bowers & Wilkins system is certainly ambitious – but does it deliver? Andrew Everard listens across the range
- 31 KEF LSX**
The smaller version of the company's LS-50 Wireless is colourful, more affordable and even more advanced.
- 32 NAIM MU-SO QB**
The ideal 'kitchen speaker' for owners of Naim's network music players and systems – or is there more to it than that?
- 40 ELAC NAVIS ARF-51**
Straight from the German company's US design lab, the active floorstanding speaker able to go wireless at the flick of a switch
- 36 GATO AUDIO DIA-250S NPM**
Take a fine amplifier, upgrade it, add a network module – and then lop 40% off the price. What's not to like?
- 38 SPENDOR D 92**
Chris Frankland finds himself captivated by this new floorstanding design
- 40 THE LOWDOWN ON SUBWOOFERS**
We've probably all heard subwoofers thundering away in home cinema demonstrations, but Keith Howard says making them play music is trickier.
- 44 REGA RP10**
Replacing the acclaimed Planar 10, this new arrival wins over Jason Kennedy with its design, technology and performance
- 47 LIFE-CHANGER AUDIO iCON 4**
Martin Colloms finds much to like in this new transformer-based passive preamp from designer Pál Nagy
- 48 PRO-JECT CLASSIC EVO**
The revised version of this familiar-looking turntable should have plenty of potential – if only Andrew Harrison manages to find one that actually works properly
- 50 MANFRED EICHER**
In the first of a two-part feature, Mark Prendergast examines some of the myths and legends surrounding the founder of ECM, as his label hits 50
- 54 JAZZ MUSIC**
If it's happening in jazz, you can be sure Greg Drygala has an opinion!
- 56 CLASSICAL MUSIC**
The very best of the latest classical releases, from Coates to Strauss, reviewed by Colin Anderson and Andrew Mellor
- 58 SECONDHAND STARS**
Steve Harris examines his recent 'pre-loved' vinyl buys, and sorts the diamonds from the dross in his expanding collection
- 60 SOUND STAGE**
The designer of our cover star on why sometimes the old ways are the best

The striking-looking Eclipse TD-510z MkII speaker proves that timing is (almost) everything

Solid engineering meets innovative design in the new Rega RP10 turntable

It's a Bowers & Wilkins speaker, but not as we know it: Formation Duo aims for wired sound quality, wirelessly
