- 4 ANDY WHITTLE**  
Having designed for some of the biggest names in hi-fi, he's now spearheading the revival of the Rogers brand, with new products made in the UK
- 8 STAN'S SAFARI**  
Teaching an old dog new tricks? Stan says there are some lessons of the past today's amplifier engineers would do well to learn
- 10 KUZMA'S COMPLETE PLAYER**  
Martin Colloms assesses a vinyl playback system from Slovenian manufacturer Kuzma. He finds it delivers breathtaking results
- 15 HIFI ROSE RS 250**  
The name may be unfamiliar, and the large touchscreen eye-catching, but this network player is a compelling listen. Oh, and it'll stream 4K video, too
- 18 ROON REDISCOVERED**  
Martin may be a relative latecomer to Roon, but having installed one of the company's Nucleus+ control units, he finds it's taking over most of his listening – especially with a little tweaking
- 21 BOWERS & WILKINS 805 D4**  
It may be the entry-level model in the British company's all-new flagship speaker range, but this compact standmounter offers more than a tantalising glimpse of the magic these latest designs can deliver
- 23 TOWNSHEND PODIUM LOUDSPEAKER PLATFORMS**  
Will these speaker isolation devices elevate Martin's listening and have him floating on air? It's not quite as simple as that...
- 25 CHORD ELECTRONICS ANNI**  
Designed as a desktop companion for the Qutest DAC, this tiny 10W amplifier is ideal for personal listening. But there's rather more to it than that
- 28 FINKTEAM KIM REVISITED**  
Martin liked these innovative speakers so much, he bought a pair – and the production version is even better
- 30 KUDOS SUPER 20A**  
The result of extensive development, this compact floorstanding speaker more than lives up to its Super title
- 32 QOBUZ CHEZ COLLOMS**  
How Martin has discovered the joys of streaming his music
- 33 WHATEVER HAPPENED TO MOTIONAL FEEDBACK?**  
Once heralded as a major speaker breakthrough, MFB has all but faded into obscurity. Keith Howard explains why
- 34 GOING TO GROUND**  
Can system grounding lead to huge sound quality gains? Kevin Fiske explores, with the help of expert advice and boring machines
- 50 iFi AUDIO ZEN STREAM**  
This £400 streaming transport offers remarkable performance for the money. Could it be all the streamer you need?
- 44 LFD MISTRAL 50**  
A new no-nonsense amplifier from one of British audio's unsung heroes deserves to be better-known, says Chris Frankland
- 46 VERTERE DOES VINYL**  
You know the London company's turntables – now explore its arm, cartridges and even a phono stage
- 50 APPLE AIRPODS 2**  
Martin is delighted with his now bargain-priced wireless earbuds
- 51 ROTEL A14 MkII**  
The top amplifier in Rotel's entry-level 14 Series range combines flexibility of inputs with a fine, powerful sound
- 53 432 EVO STANDARD**  
This Belgian-made network player is a superb performer with a novel approach to sound-tuning
- 55 JON HASSELL**  
Mark Prendergast reflects on the career and influence of the man called 'the most famous trumpet player on the planet'
- 58 MUSIC**  
Views on releases old and new, from the latest classic arrivals to jazz and more on DSD – and some enticing secondhand stars
- 64 SOUNDSTAGE**  
Is Spatial Audio the future of hi-fi listening? Steve Harris isn't so sure...
